---

1. Radio Buttons - Each option can be selected, but only one option can be selected at a time.

- "Round Trip" is the default selection.
- Upon selection of "One Way", "Destination Location" and "Return Date" fields will be removed from screen.

2. Input Field - Label: "Departure Location" - Input Type: Text

- Field will autofill upon entering webpage based on user's location
- On selection, dropdown suggestions will occur based on surrounding locations.
- If user's location cannot be determined, display placeholder text: "Enter Departure Location"
- On entry, dropdown suggestions will update to suggest autofill options based on the text that has been entered so far.
- Location options will be displayed as "Airport Name, City, State, Country"
- Field will autocorrect misspellings
- On hover, highlight in blue

3. Input Field - Label: "Destination Location" - Input Type: Text

- On selection, dropdown suggestions will occur based on popular locations.
- On entry, dropdown suggestions will update to suggest autofill options based on the text that has been entered so far.
- Location options will be displayed as "Airport Name, City, State, Country"
- Field will autocorrect misspellings
- On selection of "One Way", field will not be present.
- On hover, highlight in blue

4. Input Field - Label: "Departure Date" - Input Type: Date: "MM/DD/YY"

- On selection, calendar view appears in dropdown
- Calendar view displays current month, with navigation arrows to view future months
- On date selection, dropdown closes and identical dropdown appears under "Return Date" input field.
- On date selection, date will be displayed in the field as "MM/DD/YY" or "DD/MM/YY" depending upon the user's country
- On hover, date block will highlight in blue

5 . Input Field - Label: "Return Date" - Input Type: Text

- On date selection under "Departure Date", calendar view appears in dropdown under this field
- "Departure Date" selection is highlighted in blue
- On hover of dates past "Departure Date" date blocks between the two dates will highlight in a muted color
- On hover, date will highlight in blue
- On date selection, dropdown will close and date will be displayed in the field as "MM/DD/YY" or "DD/MM/YY" depending upon the user's country

6. Number Stepper - Label: "Passenger Count" - Input Type: Numerical

- On selection user can type in numerical value or use arrows to select a number between 1 and 20
- On mobile selection, numerical keypad will display.
- On hover, text box will display "Please enter the total number of passengers in your group. Passengers 2 years of age and under fly free on a parent or guardian's lap."

7. Button - Label : "Search Flights"

- On selection, user will move to the "Flight Options" page
- If data entry form is incomplete, on selection, error message will display in muted red below button stating: "Please complete the *BLANK* section above" . *BLANK* will autofill with the label of the empty field causing the error message
- On hover, highlight in blue

8. Site Navigation Tabs

- On selection anywhere within a rectangle, user will be directed to corresponding webpage within website
- Navigation Tabs will appear at the top of all pages within website.
